Clickstream data

Clickstreams are the paths a user takes when navigating a website and the internet in general. When you visit a musarrange.com, our servers (hosted by wix.com) may record non personal information for statistical purposes. Please refer to www.wix.com/about/privacy for details.

Visitor Analytics

Visitor Analytics is a simple website analytics service which measures the traffic and visitors' general details of the customers' websites. Collecting these statistics, a website can make their visitors' experience better (e.g. which pages they visit and when, where they are approximately located, where does a user land first or if they are coming from a specific referral).

Basically, as a website owner using Visitor Analytics, we are using cookies to collect data about visitors' device type and

screen size, approximate location, browser, OS, IPs, page visits, bounce rate, conversions and popular content on the website. All this data is pseudonymized and Visitor Analytics will never use the collected data to identify individual users or to match it with additional information on an individual user. Each visitor has control over the cookies placement.

Cookies

A cookie is a short piece of data which is sent from a web server to a web browser on the user's machine when the browser visits the server's site. The cookie is stored on the user's machine, but it is not an executable program and cannot do anything to your machine. Whenever a web browser requests a file from the same web server that sent the cookie, the browser sends a copy of that cookie back to the server along with the request. In this way, the server knows you have visited before and can co-ordinate your access to different pages on its web site. A server cannot find out a name or email address, or anything about a user's computer, by using cookies. Cookies are essential in providing a seamless access to some online databases. Musarrange.com uses first-party cookies to obtain session details for access to parts of our sites. Cookie information is not stored or collected by Musarrange.com

How to control cookies

You can control and/or delete cookies as you wish by checking your browser settings on each device - for details, see aboutcookies.org.

For further information, please check Visitor Analytics' [Terms Of Use](#), [Cookie Information](#) and [Opt-Out / Do Not Track](#).
